Professional Experience:

Networld Capital Ventures, Inc. (PJ Lhuillier Group of Companies) 156 Jupiter, Makati, Metro Manila
Position**: Software Engineer** (Jul 2024 – Present)

- Developed Insurely Mobile Application (Android and iOS) using .Net WCF C#, Rest APIs, .Netcore API, JWT, Stored Procedure, MSSQL, QT Framework, C++, Python, Docker, Nginx, Java Springboot – Full Development Cycle to Appstore and Playstore.
- Implemented CI/CD processes and Agile methodologies using Jira/ Bitbucket.
- Developed Insurely admin website (Nodejs, Qt Framework, Python, Asp.net core, MSSQL, Java Springboot).
- Managed the version end-to-end deployment and version lifecycle of enterprise applications, ensuring strict compliance with Google Managed Play and Apple App Store requirements through MDM-driven update strategies. Managed and developed external/internal APIs (Asp.Net Core WCF, Python).
- Developed multi-language backend solutions using Python, C#, SQL, .NET enabling scalable API functionalities that supported a high-volume insurance platform handling millions of transactions, while significantly improving API response times.
- Designed comprehensive database schemas and implemented security measures to safeguard APIs against vulnerabilities identified during VAPT scans, reducing potential attack surfaces, while ensuring seamless integration within IIS on-premise deployments utilizing .NET, GraphQL, and REST frameworks.
- Engineered robust APIs for insurance applications and websites, enhancing data retrieval through optimized indexing strategies in SQL and C# environments, resulting in improved user experience and operational efficiency. Deployed backend services and APIs across IIS (on-premise) and AWS environments, ensuring high availability, scalability, and seamless production delivery.
- Ensured system resilience and uptime by strategically deploying web applications on both on-premise IIS and cloud-based AWS (Docker, Nginx) infrastructure.
- Maintained and optimized deployments on IIS and AWS (Docker, Nginx), supporting fault-tolerant insurance platforms.

Collabera Digital Philippines (Ascendion) 6784, Rufino Pacific Tower, 1229 Ayala Ave, Legazpi Village, Makati, 1229 Metro Manila, Philippines
Position**: .Net Developer** (Mar 2023 - Jul 2024)

- Developed Insurely Mobile Application for Insurance (Backend): OTP token authentication, account/profile management, dashboard, email notification, account creation (.Net WCF C# Rest APIs .Netcore, JWT, Stored Procedure, MSSQL, QT Framework, C++, Python)
- Managed and developed internal APIs (Asp.Net Core WCF)
- Collaborated with front-end developers to integrate back-end logic with the user interface Utilized Git for version control and code collaboration.
- Ensured applications and services were secured, adhering to best security practices.
- Engineered and optimized RESTful API endpoints and multiple GraphQL schemas, enhancing data retrieval efficiency and reducing response times for high-volume applications tested by j-meter.
- Collaborated with cross-functional teams in pair programming sessions and code reviews, reducing bug rates and enhancing code quality across multiple projects.

EMS Components Assembly INC. 117 Technology Avenue, Laguna Technopark, Inc., Biñan, Laguna
Position**: Software Developer / I.T Consultant** Jan 2021 - Mar 2023

- Developed Training Management System with certification (ASP.Net MVC C# LinQ, Razor, MySQL) Developed HR Hiring System and Training Management (ASP.Net MVC C# LinQ, Razor, MySQL) Developed NFC Reader Timekeeping System (ASP.Net XAML C#)
- Developed Covid19 Monitoring System (ASP.Net XAML C#)
- Developed Spare parts Management System (ASP.Net MVC C# LinQ, Razor, MySQL)
- Developed IT Asset Management with Preventive Maintenace Schedule Email Notification (PHP)
- Developed Compliance Document Requirements Monitoring with Email Notification (Java, Javascript) Supported and maintained Document Control Monitoring System EDCC with Email Notification (PHP) Supported and maintained Document Approval System E-Approval with Email Notification (Java)
- Supported and maintained Daily Time record, Payroll System, Payslip (Java)

Amherst Laboratories Inc. (Unilab Pharma Campus) Binan, Laguna
Position**: Material Supplies Handler Office Staff / Inventory, Machine Spare Parts Custodian (**Jan 2014 - Jan 2015)

- Handling Material Request and Inventory System
- Support Machine Setup and Assembly

EMS Components Assembly INC. (On the Job Training) 117 Technology Avenue, Laguna Technopark, Inc., Biñan, Laguna
Position: **IT Staff (On the Job Training)**

- Helpdesk, Custodian, Technical and Programming
- Developed PMCheck Monitoring System (PHP Native, Javascript, MySQL).
    -

Character Reference:

- **Aileen Villanueva - 09228950403**
  IT Software Development Head - Networld Capital Ventures, Inc. (PJ Lhuillier Group of Companies)
- **Fortunato(Jhay) Mendoza – 09381250716**
  IT Software Architect Junior Manager - Networld Capital Ventures, Inc. (PJ Lhuillier Group of Companies)
- **Edzon Sain Olitoquit - 09453510681**
  Sr. Systems Development Engineer (Supervisor) Gruppo EMS (Formerly EMS Components Assembly
- **Nikko Gagala - 09453510681**
  Senior Manufacturing System Engineer (Supervisor) Gruppo EMS (Formerly EMS Components Assembly)

I hereby testify that the above information is true and correct to the best of my knowledge and belief.
